Following graduation, he served for 4 years on active duty, 2 years on active reserve, and 2 years inactive reserve in the United States Marine Corps. He continued his service to his country for 2 and half years abroad with the State Department providing physical security for many high-level officials, including the President and Secretary of State. He has now returned to working in security in the private sector for Day and Zimmerman Security Services in Princeton. Candice Greaux

Candice is a lifelong Middlesex County resident. She is currently completing her degree in Political Science at Rutgers. Now, as well as during her undergraduate years, Candice has served the university community, working together with both students and administrators, to enhance the educational environment for all. Candice has been actively involved in local and state politics, aiding in the campaigns of Tom Kean Jr., Doug Forrester and the Edison Fusion Ticket. She is a Member of the Middlesex County Republican Women's Club.

There is still much work to be done to improve Middlesex County. Lynda, Dick and Candice will end the abuse of Open Space funds, improve the infrastructure, make the budget and expenditures accessible to residents 365 days a year, and enhance open government by telecasting the Freeholder meetings live. But most importantly, they will reduce taxes without reducing our quality of life.
